I understand Steve's comment. We may well chase this problem around. I was hoping to push it east. It might also go west. Didn't Drollinger post Sepulveda Westway as "no overnight parking"? I don't think we saw that effect other portions of the BID. It's a point well taken.

Hello,

I would be concerned that if you restrict parking on Manchester, that they would then move to other streets such as 87<sup>th</sup> and Truxton, where it would be more of an issue for our tenants. If it is the residential neighbors that want the restrictions, perhaps it could be limited from just the residential (north) side of Manchester?

Thank you.

Steve Meyer

Hi Don and Miki,

I wanted to get your feedback on whether the BID and businesses along Manchester b/w Sepulveda and Truxton would benefit from restrictive signage for overnight parking.

There have been some concerns related to public safety reportedly associated with late night loitering and other activity per vehicles parked overnight along the entire stretch of Manchester.

We are looking at whether extending the signs that went up along Manchester b/w Sepulveda and Emerson ("No Parking, 10pm to 6am, Nightly") for all vehicles the entire stretch going east.

Currently there are daytime restrictions on Manchester b/w Sepulveda and Truxton ("1 hr parking" till 6pm, and a bit of "no stopping 4pm to 6pm"). Would overnight restrictions be welcome here as well?

Neighbors have called for the restrictions for the entire stretch, just want to make sure the business community is on board, or whether we should forego the section b/w Sepulveda and Truxton for now.

Please let me know your thoughts.

Thank you!
